## THE VIRDEN STRIKE

The Oproner's Jury Examines Many Witnesses.

WARRANTS FOR MURDER SWORN OUT

President Loucks and Others-Not to Be Served Until Coroner's Jury Reports-Statement by Lukens.

VIRDEN, Ills., Oct. 15.—A new quives of excitement swept over this town hourly throughout the afternoon yesterday, and from 2 o'clock till nightfall rumor followed rumor, and not even the best informed had any idea as to what would develop during the night. Rumors that another train load of negroes was on the way here kept the excitement at a high tension, but the militia are in complete possession of the stockade and are closely guarding the railroad property.

The coroner's jury heard a large number of witnesses yesterday, but did not conclude its work. The inquest will last until Monday or Tuesday.

When the coroner's jury arrived at the stockade, they were accompanied by Hon. J. W. Patton of Springfield, who is Manager Lukens' attorney, and also by a representative of the legal department of the Chicago and Alton railroad, who is here looking after the interests of the railroad company. Dr. Peterson of the Thiel Detective agency was the first witness called yesterday. He recited in detail the incidents leading up to Wednesday's battle and told the story of the fight at the north gate, where he was in charge of the company's guards. He was sure that his men did not open the battle, and, furthermore, he asserted that he cautioned them not to fire on numerous occasions during the battle.

The most important testimony was that of J. A. Debarrow of East St. Louis, who was in charge of the special guards on one of the cars of the train which was fired on in Wednesday's battle. In his statement Debarrow said that when the train carrying the imported negroes had reached a point about 100 yards south of the depot the firing began from the exterior on either side of the tracks, and he gave orders to the men to drop to the floor of the car. He stated that the occu-pants of the car were colored men, women and children and that when he gave these orders he could hear the women and children screaming and yelling that they had been shot. After the depot was passed he said the fire became very fierce again on the outside and continued until the train reached the stockade. When the train drew up alongside the inclosure, he said that it was met with another volley of shots from the east side of the track opposite to the stockade. After the firing ceased he heard the order from the gate of the stockade: "Come out! Pile out quick!" which he thought came from Dr. Preston, captain of the stockade guards. Debarrow stated that he and six negroes ran straight into the inclosure without stopping. He claims that the guards on the train had not fired a single shot during the whole en-

As the result of a meeting held by a number of union miners, during which the terrible fight of Wednesday was discussed, a warrant has been sworn out by Virgil Bishop, union miner, charging the managers of the Chicago-Virden Coal company, Messrs, Lukens, Loucks, Yorke and others, with mur-

warrant yesterday, but after a deliberation it was thought to be best to avoid complications to hold it until after the inquest had been completed. hours. The wounded guards, II in number, who were on the train with the negross, testified that the firing was beedged that the guards returned the fire, but none would acknowledge that he individually had fired. The men said they were under strict orders not to fire except in self defense. One of the wounded guards who had been at the stockade previous to Wednesday, in his testimony stated that he positively knew there were no guards in the tower over the shafts, and that none of the firing came from the stockades.

At 4:30 the jury took a recess. General Manager Lukens of the Chicago-Virden Coal company yesterday made the following statement in regard to the wages paid by his company and the demands of the strikers;

"Under the old scale of wages prior to the summer of 1897 the pay at our i mines was 25 cents per ton mine run and fairly good miners could and did earn \$2.25 per day of ten hours, free of all expenses. The payrolls show an average of \$2.29 per day not for every miner in the mines, with a range of \$1.10 to \$4.56 per day. The price of powder has been reduced 50 cents a keg since then, which makes a material mercase in the minors' wages. At the pre-miners are demanding 40 cents rotton an average moner can earn from \$1 to \$4 per day, and a good workmen would have no difficulty in carning \$5 pm day. We have had men in our Virden mine working at 55 cents per ten, screened coal, which equals about 25 octs per ton at mine run make over to b a day The charge tout the the two Virden company is opprovening its minos and is not willing to pay its employees liventertained for a moment by people who are familiar with the situation. The miners are fighting to get all they possibly can for their labor. We do not object to the men making good wages; the more the better. All we desire is an opportunity to get our coal dug at a price that will allow us to enter the market and sell our coal without loss to ourselves, and this is impossible at the rate of pay demanded by the union workmen.

"The state has taken absolute posses sion of our property," he said, "and has practically prohibited us from operating our mines."

Legal Complications Likely.

CHICAGO, Oct. 15. - Complications which threaten to assume greater proportions than the clash between the federal and state authorities during the railway strike under Altgeld's administration promise to grow out of Governor Tanner's action in refusing to allow the Chicago and Alton to land negroes at Virden. General Solicitor Brown of the Chicago and Alton left for Springfield yesterday as the result of a conference between the officials of the road. The governor will be sought by Solicitor Brown, who will assume charge of the situation at Virden, so far as the Alton is concerned. Steps will be taken likewise by the Alton to secure legal redress for the alleged lawless seizure of the road by the governor. The officials of the Alton make no attempt to conceal their anger and cast the blame upon the governor for interfering with a common carrier which has authority to operate as such under state

#### Troops Sent to Pana.

SPRINGFIELD, Ills., Oct. 15.-Governor Tanner has sent cavalry troops D and B of Springfield and Bloomington and Company F of Macomb, Sons of Veterans regiment, to Pana to replace the troops recalled from there Wednesday and sent to Virden. The colored miners taken from the train here Wednesday are still here at the city hall and fed by public charity.

Proceedings are expected in the United States court by mine operators to restrain Governor Tanner and the militia from interfering with colored men who want to work.

#### THE PEACE COMMISSION. Long Session Yesterday-Work Progressing Fairly.

PARIS, Oct. 15 .- The fifth joint session of the two commissions was con-

vened at 2 o'clock today. This session was two hours longer than any previous one.

The American reply to the Spanish

presentation of Tuesday was submitted and read. An aural discussion followed, occupying the time until about 10 minutes past 6, when the commissions adjourned until Monday next. It is believed that the Spaniards sub-

mitted in their construction of the protocol that it was just to consider Spain as having equities fairly dischargeable by the American assumption of Cuban obligations. It is not unlikely that the Americans voiced the conviction that fair equities to the United States in war expense were incurred by the United States, and possibly, though not positively, the Americans may schedule the value of the battleship Maine as among the expenditures possible of classification against the so called Cuban debt.

However, it may be considered certain that the commissions have arrived at a point in the negotiations from which henceforth the joint sessions will be occupied by aural discussions as well as by written presentations of propositions. The work is now thoroughly entered upon, though it is not likely that any segment has yet been polished and finished for a place in the final treaty.

The Philippine question has not yet been entered upon.

The Spanish embassador, Senor Leon y Castillo, gave a breakfast in honor of the Spanish commission today, and th United States embassador, General Horace Porter, will give a breakfast on Magistrate Roberts put the warrant Tuesday, at which M. Steamer Mohegan Goes Down Off English Coast.

RUMORS OF LARGE LOSS OF LIFE.

Lifeboat Lands Thirty of the Fifty Passengers -- Woman With Both Legs Severed Washed Ashore. Particulars Hard to Get.

LONDON, Oct. 15. - The Atlantic Transport company's steamer Mohegan, formerly the Cleopatra of the Wilson and Furness-Leyland line, which left London for New York Thursday with 50 passengers and a crew of 150, is ashore off the Lizard, between the Manacles and the Lowlands.

It is rumored that there has been a great loss of life. A coast guard message reports that the passengers are "drowning like

rats. Another account says:

"Bodies are washing ashore, one being of a lady, lashed to a plank, with both legs severed."

Particulars as to the disaster are difficult to obtain. It appears that when the Mohegan struck a gale was blowing, and the sea was running high. Lifeboats put off from the Lizard and

from Falmouth, one returning filled with passengers. Several were drowned, however, it is reported, on the passage of the lifeboat to the shore. Another lifeboat saved six persons.

The coast at that point is extremely dangerous and has been the scene of numerous wrecks. Some years ago there was a movement set on foot to get a lightship placed there, but it A later dispatch from Falmouth says

the Mohegan foundered and was probably blown ashore by the heavy east wind after her machinery was disabled. All the Falmouth tugs went out, but none was able to approach the vessel.

Later.-A lifeboat has landed 30 of the Mohegan's passengers and returned for more. One lady died after she was brought ashore.

It is reported that the position of the Mohegan is serious and that assistance is urgently needed. According to a dispatch just received

from Falmouth, out of the 200 persons constituting the passengers and crew of the Mohegan only 31 have been saved.

The Cleopatra, afterward called the Monegan was one of the large combination cargo, cattle and passenger steamships built for the Wilsons & Furness-Leyland line in 1897.

There were five of them-the Winifreda, the Cleopatra, the Victoria, the Boadices and the Alexandria. They were built to run between New York and London and designed to carry a limited number of cabin tourists only. They were constructed to be eight day boats. affording a long sail and roomy accommodations.

Sanderson & Son of No. 29 Broadway were the agents.

After the United States government purchased most of the Atlantic Transport line's steamships last summer, the Wilsons & Furness-Leyland line sold all their new ships to theformer line, whose local name here and in Baltimore is the New York Shipping company, with offices at 1 Broadway, and which was the only competitor in this class of business. The Wilsons & Furness-Leyland line agreed to stay out of the New York and London passenger traffic for a term of years when the ships were transferred to the Atlantic Transport line.

The names of all the steamships have been changed by their new owners, who designate their vessels by giving them a title beginning with the letter "M."

The Mohegan was commanded by Captain Griffith, one of the most experienced commanders in the service of the Atlantic Transport line.

SHAMOKIN, Pa., Oct. 15.-The mystery surrounding the murder on last Monday of 16-year-old Daisy Smith, whose body was found near her home at Selins Grove by her father riddled with shot and with a gaping knife wound in her neck, has been cleared by the confession of Edward Krissing, who was arrested on suspicion soon after the discovery of the body. Krissing says that the girl had jilted him, and he lay in wait for her, armed with a shotgun and knife. After sheeting her, he cut her throat three times with the knife. He then had the knife and, returning home, washed the blood from his clothes.

### Hearing in Maxim Case.

POUGHKEEPSIE, N. Y., Oct. 15 -

The examination of Hiram S. Maxim the gun inventor on a charge of abandonment was adjourned to Oct. 21, after the woman who claims to be his wife had given her testimony yesterday. The charge of bigamy it is announced, will not be pressed as the woman has learned since making her affidavit that Maxim had a legal wife prior to the time of his alleged marriage to her that that allegation was untrue.

THE ARMY INQUIRY.

Seaman Testifics-Denies His Alleged Reflections on War Department. WASHINGTON, Oct. 15.—Dr. Louis S.

Seaman was the principal witness before the war investigating commission yesterday. He complained that the commissary supplies furnished the troops in Porto Rico were unsuited to the demands of a tropical climate and that they were especially unfit for hospital use. He said he had been in charge of the 200 convalescents brought north or the Obdam and had been unable to secure suitable supplies for them from the government depots. He confessed however, that he had made no formal written requisition, but had acted upon statements made to him informally to the effect that no commutation of rations would be allowed. He refused to reply to some questions, declaring that he had been misrepresented by the press, and saying he would not reflect upon his superior officers while he wore the shoulder straps of a United States officer.

Lieutenant Hill of the navy was also a witness. He was an officer on the warship Iowa when the army landed near Santiago and was in charge of the debarkation of the troops at Baiquiri He said the navy supplied 11 launches and 52 small boats for the landing, but the army brought only one lighter. He gave the details of the landing, which he said consumed four days. The army was entirely unprepared to land, and Lieutenant Hill said that as he viewed the matter the army would have been unable to land and subsist after the landing without the aid of the navy. A great deal of trouble was experienced with the captains of the transports who had refused to go nearer the shore until he secured an order to them from General Shafter. Lieutenant Hill said there was no wharf, but that he had understood that they talked of building one on which to land General Shafter.

"Personally?" asked a member of the commission.

"**Y**es." "Had they no derricks?"

"Yes, but they were not strong enough." This personal allusion to the avoirdupois of the commander of the Santiago

campaign created a general laugh. Continuing, Lieutenant Hill expressed the opinion that in cases of the transportation of troops at sea he thought the vessels should be under the command of navy officers until the troops

are landed. The commission held no session to-

DUN'S REVIEW.

Wheat More Active-Failures For the Week.

NEW YORK, Oct. 15.-R. G. Dun & Co.'s weekly review of trade says:

With actual payments through clearing houses 19.2 per cent larger than in the same week of 1892, it cannot be said that business is in any sense falling off, and yet many are complaining because the amount realized as profit is smaller than was formerly realized in good times. The man who sold \$10,000 worth of products had a profit of perhaps \$1,000 in 1892, and yet he sells \$12,000 worth of the same product in 1898 and is not happy because his profits are but \$600. It is especially interesting that, in spite of the general disposition of farmers to hold back their wheat, the western receipts have been for the week much larger than last year, and for two weeks 20,790,495 bushels against 16,696,554 last year. While little attention is now paid to the official reports, it is noticeable that they seem to foreshadow a larger return for the crop than has been made in any previous year. #### A FINE INSTRUMENT.

So Delicate in Construction That It Measures the Thousandth Part of a Second.

The merit of having first constructed precision chronometers for the measurement of one-hundredths of a second falls to the Nestor of Berlin watchmakers, F. L. Loebner. His instruments have been adopted by shipping masters all over the world. His greatest triumph, however, in the matter of recording infinitely small periods of time is his new apparatus for the exact measurement of one-thousandth parts of a second. This novel chronometer has an immense dial of almost ten feet in diameter mounted upon a transportable platform. The dial shows two concentric rings, of which the outer is divided into 360 degrees and the inner circle into 200 de-

TRIUMPH OF A CLOCKMAKER

grees. The hand is five feet long and is turned by the mechanism of the clockwork at the rate of five times per second around the dial, so that each degree of the inner dial actually represents one-thousandth part of a second. A special arrangement makes it possible to have the hand turn only once or three times around the dial within a second, the values of the degrees being then correspondingly changed.

The sudden stopping of the hand. which turns at an enormous rate of speed, its point traveling at the rate of 150 feet a second or 100 miles an hour, would absolutely destroy the works. On the other hand, the human eye cannot follow the turning of the hand, and in order to establish the exact measurement photography had to be resorted to. An auxiliary apparatus consisting of 12 photographic cameras has been arranged in front of the big dial. These cameras are open opposite the dial and before them a disk with a very thin slit at a point passing the 12 cameras in turn, rotates at the rate of 20 times per second. Twelve pictures of the position of the hand are therefore taken within the period of one-twentieth of a second, each showing the exact pothis apparatus it is possible to photograph and measure the initial velocity of projectiles, the velocity of fall of small or large objects, the details of the destructive effects, when exploding mines or high explosives, etc. It is possible to take with this apparatus 2,880 pictures per second.

#### HEADACHE POWDERS.

Most of Them Have a Depressing and Dangerous Effect Upon the Action of the Heart.

A medical journal expresses deep concern at the alarming spread of weakening of the heart, caused by the use of "headache powders." The public have little idea of the dangerous character of the drugs composing these medicines, and many who have sought relief from headache by their use are left with a weakened action of the heart, which is often of the utmost gravity. In England this question has been taken up officially, and it is proposed to promote legislation to check the outrage Dr J A Har ris, the medical officer for Lancashire states that under his direction the county police obtained six or sever samples of the so called headache powders from different stores and had them submitted to analysis. Dr. Agnew's Catarrhal Powder Cut Off the Rayages of Catarrh in a twinkling.

The Right Reverend ARTHUR SWEATMAN, DD. DCL, Lord Bishop of Toronto, Canada, contracted cold in the head in a serious and aggravating form—so much so that there were present all the symptoms of acute Catarrh and he was threatened with the incapacitating agonies of thus releatless disease demon. He pinned his faith to what had cured others, procured and used Dr Agnew's Catarrhal Powder, and over his own signature writes of the almost miraculous relief he had in 10 minutes after the first application

While the pulpit has chronicled many wonderful healings from Catarrh by this wonderful remedy, the press presents its quota of equally marveilous and credible cares. CHAS C Brown, manager of the Independent Press Bureau of Duluth, Minn , suffered from throat and nasal Catarrh for over 20 years, says he spent a small fortune in trying to rid himself of what he terms "the disgusting malady," and to use his own words, "without relief until I tried your incomparable remedy, and I want to add my mits to the sum total of general approval." Fifteen minutes after the first application of Dr. Agnew's Catarrhal Powder he got relief, and three bottles have completely eradicated the whole Catarrh taint from his system and left him a permanently cured man, and he courts correspondence regarding his case

## VOLUNTEERS' RELIEF ASSOCIATION.

S. H. TALCOTT, M. D., President, (Supt. State Hospital.)

SEYMOUR DeWITT, Treasurer, (Cashier First Nat. Bank.)

FRED S. ROGERS, Secretary. (McMonagle & Rogers.)

Middletown, N. Y., Oct. 13th, 1898.

To the Citizens of Middletown and of Orange County:-

On the first day of May, 1898, the Nation called for men and soldiers. Trained, disciplined regiments were wanted. The militia of the various states alone could at once fill the requirements and to them was the urgent call extended. They were not compelled to go, any more than any other citizen, but they were asked because of special preparation for this service.

Did they respond? Yes, and nobly. Did home duties and responsibilities, family ties and affections call them to stay? Yes; yet, true to the brave, manly spirit of every American soldier, they went with one accord, prepared to climb the bloody hill of San Juan, to suffer exposure in pestilential Santiago, to maintain our Nation's honor, in Hawaii, Manila or wherever the directing hand bid them go.

It was a Nation's call for loyal courage, and right generous and truly American was the response.

But what of the loved ones left at home dependent upon them? What was to become of them? Who, in his absence, could assure the soldier that, while he slept under foreign skies, doing his country's service, wife, mother and children should not have, in addition to the pangs of separation, the added anguish of suffering cold and hunger?

It was because of the desire to relieve our boys of all such fears that the Volunteers' Relief Association was organized and subscriptions received and solicited from those who deemed it a privilege to contribute.

Since that time the committee has disbursed the funds in hand to the end that not a home has been necessarily changed, not a child, a wife or a mother has felt financially the absence of the family provider.

Twenty-two families-over fifty people-have thus been saved from suffering, hunger or injured pride.

To do this money was needed. It was given-given generously, gladly and willingly by those who, while they could not shoulder arms, and march for America, yet felt it a privilege to aid in every way the brave fellows who did all this.

How many contributed? By actual count of our contributors' list-250 people. Two hundred and fifty people out of a city of 15,000 have, for 5 months, made the absent soldier, whose path is not a path of roses, as he thinks of home and the loved ones here, feel comfort, consolation and happiness in knowing that those, whose support stopped when he left civil life, do not suffer for life's necessities. No distressing stories of want or hardship have troubled his waking hours, no doubt as to their comfort beset his mind.

His troubles, and they are many, are not for those left behind.

Now we want more money. If you are one of the 250, we thank you for what you have done.

We appeal personally to you and to all good citizens of Middletown and of Orange County to sustain this cause. The officers of this association have regarded it as a sacred trust and privilege to maintain.

They are willing to continue it if you give them the means of doing so. Without your help this must cease and winter's privations forced upon the families of men who were no more obligated to respond than you yourself.

They are our boys, they are your boys, fighting your country's cause as your country requires. Suppose you had gone to the front. Put yourself in their place—could you have gone? Just as well as they. We ask you as a true American to do this for your country and your fellow men who are fighting your battles as well as their own.

Their cause is your cause. Their suffering is for you, as well as for them. Their families are entitled to the same consider-

Their homes are as sacred to them as is yours to you.

Give us what you can and give it not grudgingly but as a privilege which as a true American you must feel it to be. Send checks or cash to Mr. Seymour DeWitt at First National Bank, or send him your name and say how much you will contribute weekly and our collector will call upon you.

Every dollar will be acknowledged and you will be conscious of a good deed well done.

Very sincerely,

S. H. TALCOTT, M. D., President. SEYMOUR DEWITT, Treasurer, FRED S. ROGERS, Secretary.

#### A Route Union Meeting at Which Portyseven Lucal Unions Were Represent-

At the meeting of the O. and W. route mion of mill: producers held at Sidney, Tuesday, forty-seven local unlons were represented. The following officer were elected for the ensuing year:

President-Alterd II. Ives, of Guilford Centre.

Secretary and Treasurer-J. Q. Barlow, Rock Ri t.

Executive Committee R. Garrison, of Walton; William Hymers, of DeLaucey, Ira D. Suell, of Kenwood.

Delegates to the Central Association—William Hymers, C. H. Manwarring and Ira D. Suell.

A constitution and by-laws for the route union were adopted, and two thousand copies were ordered printed for distribution among the local unions. Sidney was voted as the place for holding the next annual meeting. The delegates present reported prices ranging from 75 cents to \$1.25 per can. One significant feature of these reports was that better prices were received from sections where local unions have been established.

possessor of a family Bible which is in-teresting for several preservation and it contains the family record of many penerations of Edsalls. For forty years this Bible was out of the custody of the Edeall family. In order to estabish a claim of some sort the volume was turned over to the United States government as a sort of documentary evidence. For some unexplained reason the government was unable to find the party from whom it had been received, and for forty years the book remained in Washington while the officials leisurely sought for the owner. About five years ago the postmaster at Pine Island was requested to inform the department whether there were any Edsalls living in that vicinity. He sent in the name of L. L. Edsall and investigation proving that he was a descendant of the family of Edealls whose report appeared in the book, the volume was placed in his custo ly.

-Stephen Hallock was at work in a ditch on the Hotel Rockwell property, in Monticello, Wednesday, when the bank caved in, piuning him fast. He was dug out as quickly as possible. A badly bruised leg and a lacerated finger were the extent of his injuries.

-Oscar FitzClifford, representing New York parties, who are to assume control of the Jeffersonville-Liberty electric road, has been going along the line straightening out matters, and he says that all claims against the road will be paid off, and work of construction resumed. It is expected that a new route will be surveyed between Jeffersonville and Youngsville, keeping off the highway altogether. The rights of way have about all been secured. Mr. FitzClifford has secured an option for ninety days on the purchase of Gideon Moulthrop's property at Kenoza Lake, the price stipulated being \$15,000. The property consists of 500 acres, nearly two hundred of which are covered by the lake. The intention is to boom it in connection with the electric road, thereby building up the place and creating business for the road.

-Roscoe Decker, of Monticello, has gore to Asbury Park to become superintendent of the Hotel Vendome, which is owned by E. B. Palen, of Rockland.

-The building committee of the Board of Supervisors were at the court house last week examining the rooms vacated by the sheriff with a view to changing them into 100ms suitable for county purposes. The new Grand Jury room will occupy the space lately used as the sheriff's front room or parlor, and the remaining space will be fitted for the use of the Board and the Supervisors' clerk. -- Watchman.

-John O'Neil, owner of Colonial Park at Monticello, proposes to engage in the cullivation of mushrooms for the New York market.

-John Naylor of Bethel, has purchased the Van Frendenburgh property in Liberty. Consideration about \$2,000. -Mrs. Phillips and family of five small

children of Liberty bave moved back to New Jersey, whence they came a year ago last spring. Her bushand, who drove the Liberty House 'bus, ran away last May, leaving his family in destitute circumstances.

-The firm of B. Gray & Co., (Byror and Cyrus Gray), of Livingston Manor, has dissolved partnership. The milling business and store at the Manor will be continued by Cyrus Gray and Byron will take charge of the Lew Beach store. He may also build a large grist mill on a tot which he recently purchased of M. C. Ernhout in Liberty.

-The residence of F. D. Rose, near Roscoe, was burned to the ground, teresting for several reasons. It is a at 7:30 by Rev. William Drawh. Sunday School very old book, having been printed in —W. C. The Republican city committee was to have met last night to fill vacancies on the ticket, but a quorum did not appear, and therefore the ticket is still headless.

leaders are not taking in politics, this year, is assuming Doric proportions. Gov. Black makes haste to disavow responsibility for the fizzle in which Roosevelt's visit to Troy resulted, but he would be something more than human if he did not love his old friends and neighbors better for "freezing out"

and a renomination.

The interest that the old Republican

The appeal of the Volunteers' Relief Association for funds with which to continue their work, which is published elsewhere, ought to and undoubtedly will meet with a prompt and generous response from our citizens. The facts in the case are so strongly and clearly stated in the executive committee's appeal that nothing can be said to emphasize the necessity for immediate action if the families of many members of the 24th are to be cared for.

Roosevelt's up State campaign was opened at the Rensselaer county fair at Troy, Friday, with a Klondike freeze that sent the tax dodger back to New York shivering. Although his coming had been widely advertised there were only about 200 people on the grounds and most of them were watching a herse race. Roosevelt, who expected an audience of at least 20,000 enthusiastic Republicans, was furious and refused to epeak. He hurried back to New York to address a meeting of colored Republicans and found only 197 persons in the hall, but this time he made a speech, which was entirely devoid of "ginger," Taken all in all it was a bad day for Teddy.

A year ago the voters of this city, by the election of Democratic candidates, who were pledged to a policy of retrenchment and economy in city affairs, declared in favor of lower taxes and a firty neres, near Scotchtown, on the Golifting of the hoodoo, which the out- shen turnpike, known as the Stephen

brought upon our town. The Democratic aldermen, aided by Mayor Mance, and his friends in the Council, fulfilled to the letter these ante-election pledges, and without in any way crippling any department of the city government, were able to greatly reduce the tax levy, cutting it down from \$102,787 in 1897, to \$78,941 this year. This result would not have been possible had it not been for the hearty cooperation of Mayor Mance and the anti-machine Republicau aldermen, and this roused the wrath of the Republican bosses, and one of the reasons assigned by them for refusing to ullow Mayor Mance to be renominated by the Republican convention was that be had "worked against his party and reduced the tax rate." Thus, indirectly, the issue between the parties at the coming city election is made the same as that of last year, and the voters have to choose between the Democratic policy of economy and lower taxes and the Republican policy of lavish expenditures and higher taxes. There is no escape from this issue, and there cau be no doubt on which side the majority of our citizens will take their stand.

ment of Receipts and Disbursements The first quarterly meeting of the di rectors of Hillside Cemetery Corporation was held in their rooms in Stern's building, Thursday evening, Oct. 13. Present Ira L. Case, president; James G. Harding, secretary; Geo. E. Beakes, treasurer, and George Smith, James A. Clark and J. A. Howell, directors.

The reports of the secretary and treasurer show the financial standing of the corporation to be as follows:

#### RECEIPTS

Care of lots, drives and walks.... **\$932 30** DISBURARM Shis. Articles of incorporation.... Articles of the property of th Printing by-laws.. ...... interest on note, account purchase...... Directors' note and interest...

..\$148 37 A copy of the by-laws and other matters has been mailed to each lot owner so iar as known to the directors. If any person owning a lot in the cemetery has not received a copy of the by-laws it will be to his or her interest to call upon the directors with deed or other evidence of ownership in order that the number and location of the lot may be plated on record in their office.

IMPROVEMENTS AT THE TANNERY

#### The New Electric Lighting and Fower Plant-Greater Convenience and Increased Efficiency Secured.

The Howell-Hinchman Company is up to date. The large brick addition which has been completed at the tannery is so arranged that the hide progresses from the scales to the counter, where it is put up as the finest dressed leather, by simply advancing along the length of the building. This does away with all unnecessary labor.

Superintendent II. M. Hayes was particularly happy, Thursday, however, in showing an Argus man the new electric light and power plant which has just been set up there. This company cares not if the rates of the light monopolists here are put up or down. Its new plant would operate 2,000 lamps if used for lighting alone.

It has been set up by S. H. Blake, of Elmira, and power is provided by a 100 kilowatt generator of the Eddy type, which is equal to 125 horse power.

This generator produces the power for a dozen motors scattered about the building. The workmen in every department find it a grand improvement over the old-fashioned overhead belted shatting, by which much of the power was wasted before it reached the machines.

The new arrangement places this plant far ahead of any of its competitors in the completeness of its interior,

The Wreck of the Wohegan-A Passen-Ber's story of the Blanter. BY ABSOCIATED PRESS.

FALMOUTH, Eng., Oct. 15.-It is announced from Port Houstock, Cornwall, that forty-five survivors of the British steamer Mohegan, wrecked near the Lizard, have been landed by the life savers of that place. Five bodies have also been recovered. Fourteen members of the crew have been found alive on the rocks near the scene of the disaster.

One of the survivors of the Mohegan, George Maule, of New York, was interviewed about the wreck, and said:

"We left London, on Thursday, and all went well until 7 o'clock, yesterday evening, when most of the passengers were at dinner. The steamer was going at full speed and suddenly we heard a loud crash which seemed to denote that we had collided with some other vessel, but when we rushed on deckwefound the Mohegan was on the rocks between the Manacles and the Lowlands. Orders were immediately given to lower the boats and the crew of the steamer behaved like heroes. The captain stood on the bridge and the best of order prevailed among officers and crew. The steamer, however, immediately began settling by the head. The boats were launched and the women were sent away in the first boat. I managed to secure a life buoy and jumped overboard in the company of the chief officer. When I was

leaving the vessel a little girl begged me to save her, as she did not want to die yet, but I was powerless to help her. Eventually I caught hold of a plank floating on the water and I clung to it for seven and a half hours. At the expiration of that time I was picked up by a tug. The Mohegan sank about twenty minutes after she ran ou a rock,"

New York, Oct. 15 .- Among the passengers known to have been saved from the wreck are Miss Moble, Baltimore, Md., A. G. L. Smith, W. Bloomingdale, R. Kelly, Mrs. Piggett, Miss Rondburn and S. Wood. The following officers were saved: Victor, Lawrings, Fergason and Dr. Trever and Mrs. Piggett, stewardess. The saved also included thirty members of the crew.

Miss Rondburn is an American operatic singer, professionally known as Maud Rounds.

RULED OFF THE OFFICIAL BALLOT ALBANY, N. Y., Oct. 15 .- The State ticket of the Chicago Platform Democracy will not go on the official ballot.

The certificate placing this independent ticket in the field was received by the Secretary of State at 11 c'clock, last night, and on examining it he found the county petition defective and so advised the committee that brought the certificate and gave them such opportunity as was left to have the defect corrected. The last hour for filing the certificate expired at midnight, last night, and the Ulster county petition was not returned corrected by that time, nor has any thing been heard of it up to noon, to-day. Secretary of State Palmer has, therefore, ruled that the whole certificate is defective and its nominees cannot go on the official ballot.

A MILITARY PLOT. Alleged Evidence of a Projected Coup d'Etat In Paris.

PARIS, Oct. 15 .- The latest sensation is the report of a military conspiracy to

overthrow the ministry. The Matin, which recently has appeared to be well informed, publishes the rumor guardedly, and says that Premier Brisson, who has been informed of the conspiracy, is preparing necessary measures to secure tranquillity. The Rappel, Aurore and Petite Re-

publique also print the report. The leader of the movement is said to be a prominent general, who had planned to put his designs into execution on Oct. 15 in the absence of General Chanoine, the minister of war.

In its article suggesting the existence of the plot the Matin says that for some time past there has been talk of a conspiracy, not in favor of any pretender, but for the purpose of changing the eading officials of the government with the exception of the president.

The Jour says that the rumor of the conspiracy arose from a letter supposed to have been written by General Boisdefire to General Zurlinden, in which the writer said, "Let us be ready for Saturday."

The letter fell into the hands of the minister of the interior.

Everything in Paris is now attributed to forgery, the Jour says, and this letter is undoubtedly of that character.

A long and vague semiofficial statement appeared last night suggesting various possible motives, such as Dreyfusite intrigues or an attempt by the socialists to frighten the government into dispersing the troops that now prevent the success of the strike, to explain the rumors of a military conspiracy.

The mysterious allusions, however, and the absence of any straightforward denial tend to encourage the belief that there must be some ground for the rumors, especially as the statement mentions the telegrams alleged to have been sent by a French general to Prince Napoleon, which, it says, it is "difficult to believe possible in view of the control exercised by the telegraph authorities."

Impossible to Find Clear Proofs. LONDON, Oct. 15 .- The Paris correspondent of The Times says:

"It is impossible to obtain clear proofs of the existence of a plot. I be-lieve, however, that the idea of some act of force haunts certain military minds. Maddened and stung by violent criticisms of the army arising out of the Dreyfus affair, they are especially irritated at the attitude of civilians in claiming to interfere in the detention of Colonel Picquart, for which the entire military authority is respon-

A Smallpox Epidemic.

ITHACA, N. Y., Oct. 15.-After a thorough investigation by members of the Ithaca board of health, by physicians of McLean and by the state board of health the conclusion was reached late last night that the epidemic which has been prevailing in that village for about two weeks is genuine smallpox. McLean is about 12 miles east of Ithaca, and it is feared that many reople here have been exposed. The physicians who investigated the matter yesterday found 14 cases already developed, and it is said that two of these are schoolteachers. The disease was first diagnosed as a skin affection. The authorities have taken severe reasures to suppress it, and the whole town may be quarantined today.

Platt's Bank Will Pay Depositors. OWEGO, N. Y., Oct. 15.-Frederick E. Platt, cashier of the Tioga Nationa: bank, was seen at his home in this village yesterday. In reply to an inquiry as to the affairs of the bank, the cashier said: "After the arrival of Senator Thomas C. Platt last evening the board of directors of the bank held a meeting and went through all the books thoroughly. They found that the amount of the defalcation will not exceed \$50,000 and that not only will the creditors be paid in full, but the stockholders will not be heavy losers.

Every young wo-man needs a little light upon the sub-ject of health. There is far too much newfashioned prudery among mothers. Hyery young woman should have ex-plained to her the

supreme neces-sity of keeping herself pure and wholesome and free from weak-ness and disease in a womanly way. Her general health, her future happiness, her good looks, her physical strength, her capability as a wife and mother, and the health and strength of generations to come are dependent upon this.

Nothing in the world will destroy the

good looks, wholesomeness, the amiability, good looks, wholesomeness, the amiability, and the usefulness of a woman quicker than disorders of the delicate and important organs that bear the burdens of maternity. Dr. Pierce's Favorite Prescription is the best of all medicines for women who are ailing in this way. It makes a woman strong and healthy where a woman most needs health and strength. It relieves pain soothes inflammation, heals where pain, soothes inflammation, heals ulcera-tion and gives rest and tone to the tortured nerves. It cures all the ills and pains too commonly considered an uncomfortable in-heritance of womankind. It has been used for over thirty years with an unbroken record of success. More of it has been sold than of all the other medicines for women combined. It is the discovery of Dr. R. V. Pierce, for thirty years chief consulting physician to the Invalids' Hotel and Surgical Institute, at Buffalo, N. Y. He will cheerfully answer, without charge, all let-

Enthusiastic Greeting to the President at St. Louis.

TWENTY THOUSAND HEAR HIM SPEAK

Big Meeting in the Colineum Last Night-The President's Strong Address on National lasues.

ST. LOUIS, Oct. 15 .- President Mc-Kinley was yesterday the guest of St. Louis, the city in which two years ago he received the nomination to his present high office. He came from Omaha

by way of Galesburg. Ills., over the Burlington route and was brought into the city at 9:15 a. m., being preceded from Spanish Lake by a special train, on board of which were General Passenger Agent Wakely and the local reception committee. From the time of his arrival until it p. m., when the president left the city, he was accorded an almost continuous ovation. Escorted to the Southern hotel by civic bodies and regular and volunteer troops, among which were two commands that had gamed distinction at El Caney, Pre. id at McKinley was met by the cheer of thousands of people lining both sides of all the thoroughfares through which he passed.

At the Southern hotel, where the provident was entertained, he stopped and reviewed the parade given in his and and later held a reception in

that I ght at the Coliseum, in the work in building, the greatest throng of people addressed by President Mcu I r cover thus far during his roces trip gave him a magnificent R As he entered the Coliseum that terse crowd of probably 20,000 but rarose to its feet and cheered for consil consider. Outside there were ice as many unable to gain admitoca. It was some time before quiet

id in restored and the president and begin his speech, which was inw upted repeatedly with applause. He

"My Fellow Cit zens-My former visits to St. Louis are full of pleasant memories. My first was in 1888, and then again in 1892, both of which afforded me an opportunity of becoming acquainted with your people and of observing the substantial character of your enterprising city. I omitted my quadriennial visit in 1896 for reasons which were obvious to you, and have always been thankful that my absence seemed to have created no prejudice in your

"I remember on the occasion of a former visit in company with Governor Francis and other citizens to have witnessed the assembled pupils of the schools of the city at your great fair. It was an inspiring sight, and it has never been effaced from my recollection. As I looked into the thousands of young faces, the boys and girls preparing themselves for citizenship, I had my faith confirmed in the stability of our institutions. To the youth of the country, trained in the schools which are happily open to all, must we look to carry forward the fabric of govern-

"It is fortunate for us that our republic appeals to the best and noblest aspirations of its citizens and makes all things possible to the worthy and ndustrious youth. The personal interest and participation of our citizenship in the conduct of the government makes its condition always an absorbing and treat gratification to the people of the United States to know that the national redit was never better than now. For the first time in the country's history the government is floating a 3 per cent bond, every dollar of which was sold at par and are now at a premium of 5 cents on the dollar and that this profit has gone to the people. The loan was a popular one, and it has been a source of much satisfaction that the people with their surplus savings were able to buy the bonds. It is an interesting fact that while we offered but \$200,000,600 bonds for sale over \$14,000,000 were subscribed by the people of the country, and by the terms of sale no one was able to receive bonds in excess of \$5,000.

"It is not without significance, too, that the government has not been required since 1896 to borrow any money for its current obligations until the war with Spain, while its available balance Oct. 1, 1898, was upward of \$307,-000,000, of which sum over \$243,000,000 was in gold. Nothing more impressed the nations of the world than the appropriation of a large national defense fund, which the treasury was able to pay from its balances without resort to a loan. While the credit and finances of the government have improved the business conditions of the people have also happily improved. Both government and citizen have shared in the general prosperity. The money circulation of the country was larger on the 1st of July, 1898, than it has ever been, and there has been no depreciation of the value of our money.

"Not since the beginning of the agitation of the question of slavery have there been such a common bond in name and purpose, such a genuine affection, such a unity of the sections and such obliteration of party and geographical divisions. National pride has been again enthroned, national patriotism has been restored, the national union cemented closer and stronger and the love for the old flag enshrined in all hearts. North and south have mingled their best blood in a common cause and today rejoice in a common "We must guard this restored union

with zealous and sacred care, and while awaiting the settlements of the wir and meeting the problems which will follow we must stand as one man, not in the spirit of party, but united in a comnon effort for that which will give to the nation its widest influence in its -shere of activity and usefulness to at ch the war has assigned it. Let withing distract us, let no discordant torce intrude to embairass us in the solution of the mighty problems which involve such vast consequences to ourselves and posterity. Let us remember that God bestows upon no nation supreme opportunity which is not ready to respond to the call of supreme duty." Secretary Alger to Visit Cuba.

WASHINGTON, Oct. 15 .- Secretary Alger said yesterday that he hoped to make a visit to the ports occupied by the United States in Cuba and Po to Rico some time during the winter,

THE MONHAGEN-24TH FAIR.

The Charts for Reserved Seats Now Open at H. S. Dusenberry & Son's.

The charts for reserved seats which will be sold for the Mons-24th fair at the 49 15 | Casino, Tuesday, Wednesday, Thursday and Friday nights of next week, are now at H. S. Dusenberry & Son's. There will be about 200 seats in the orchestra and balcony reserved at twenty-five cents each, in addition to the ten cents admission, in the hope of making these seats pay for the cost of producing the entertainment. The collector for the relief fund states that onethird of the original contributors have ceased making their \$1 per week payments, and the fund needs replenishing. Remember that half of the proceeds of this fair go to that fund.

are the seat or the starting point of many maladies, all of them serious. all more or less painful, and all of them tending, unless cured, to a fatal end. No organs of the body are more delicate or more sensitive than the kidneys. When symptoms of disease appear in them not a moment is to be lost if health is to be restored. The best way to treat the kidneys is through the blood, cleansing it from the poisonous matter which is usually at the bottom of kidney complaints. For this purpose there is no remedy

For many years I have been a constant sufferer from kidney trouble, and have tried a number of largely advertised kidney cures without benefit. At last a friend advised me to try Ayer's Sarsaparilla. The see of eight bottles of this remedy entirely cured my malady."-MARY MILLER, 1238 Hancock Street, Brooklyn, N. Y.

is due not only to the originality and simplicity of the combination, but also to the care and skill with which it is manufactured by scientific processes known to the California Fig Syrup Co. only, and we wish to impress upon all the importance of purchasing the true and original remedy. As the genuine Syrup of Figs is manufactured by the California Fig Syrup Co. only, a knowledge of that fact will assist one in avoiding the worthless imitations manufactured by other parties. The high standing of the Cali-FORMIA FIG SYRUP Co. with the medical profession, and the satisfaction which the genuine Syrup of Figs has given to millions of families, makes the name of the Company a guaranty of the excellence of its remedy. It is far in advance of all other laxatives. as it acts on the kidneys, liver and bowels without irritating or weakening them, and it does not gripe nor nauseate. In order to get its beneficial effects, please remember the name of the Company -
